M. **Flooring Surface:**

N. **Fencing:**

O. **Housing:**

## 5. Kennel Operations

- |    | <u>Acceptable</u>                                                     | <u>Needs Improvement</u> | <u>Unacceptable</u>      |                                                                                                                                                                                                                         |
|----|-----------------------------------------------------------------------|--------------------------|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A. | <input checked="" type="checkbox"/>                                   | <input type="checkbox"/> | <input type="checkbox"/> | Is there a sufficient number of staff (individuals) to maintain appropriate levels of care for the number of dogs being kept in the kennel? <b>Staffing: FTE:</b> <input type="text"/> <b>PTE:</b> <input type="text"/> |
| B. | <input checked="" type="checkbox"/>                                   | <input type="checkbox"/> | <input type="checkbox"/> | Does the kennel have a documented emergency preparedness plan that is adequate for the type and number of dogs being housed in the kennel?                                                                              |
| C. | Explain the emergency plan that is currently in place for the kennel: |                          |                          |                                                                                                                                                                                                                         |

Breeder has a documented disaster plan that includes off site housing in case of an accident, illness or incident. The plan includes directives for staff and veterinarian services.

## 6. Summary of Inspection

- A. Overall, is customer in compliance with AKC's Care Conditions Policy?
- B. Attached documentation:  If Yes, Type:
- C. **Time in:**  **Time out:**
- D. Explanation of any conditions less than acceptable:

Primary enclosure is an outbuilding with indoor outdoor runs. The pens are 8 by 12 with 1 dog per pen. No overcrowding was observed. The pens are in good repair does not cause a hazard from jagged or sharp edges. The exercise area is a fenced front yard and training field. Food and water are present. The dogs are groomed clean and healthy. The kennel meets AKC policy.
